Foreign Office,
November 2nd, 1917.

Dear Lord Rothschild,

I have much pleasure in conveying to you, on behalf of His Majesty's Government, the following declaration of sympathy with Jewish Zionist aspirations which has been submitted to, and approved by, the Cabinet

"His Majesty's Government view with favour the establishment in Palestine of a national home for the Jewish people, and will use their best endeavours to facilitate the achievement of this object, it being clearly understood that nothing shall be done which may prejudice the civil and religious rights of existing non-Jewish communities in Palestine, or the rights and political status enjoyed by Jews in any other country"

I should be grateful if you would bring this declaration to the knowledge of the Zionist Federation.

Arthur James Balfour

The Islamic Revolution of Iran and the victory of political Islam over Arab nationalism

- In 1979 when Sadat and Egypt decided to abandon the Palestinian struggle, the Islamic Revolution of Iran gave new hopes to the Palestinian war of liberation.

- Imam Khomeini turned the issue of Palestine into an Islamic issue.

- Until 2003 Iranian Islamism competed with Arab nationalism over the issue of Palestine.

- The Israeli Egyptian Peace Treaty of Egypt in 1979, the toppling of Saddam Hussein in 2003, the destruction of Syria in 2011 - 2015, the killing of Gaddafi in 2011, the Abraham Accords of 2021; have turned the Iranian inspired political Islam to triumph over other ideologies in the Middle East.

Iran and its Axis of Resistance

- Iran has supported all the Palestinian groups in their fight against Israeli colonization: Hamas, the Palestinian Islamic Jihad, the Popular Front for the Liberation of Palestine and any Arab, Christian or Islamic group which is willing to fight for the liberation of Palestine is supported.

- In 1982 Iran established in Lebanon the Hezbollah - a political and military organisation of Shia Muslims resisting the Israeli occupation.

- In 2006, when the United State and Israel thought that the Arab resistance had died: Israel faced a war with Hezbollah in Lebanon.

- The 2006 Israel - Hezbollah war was the first war when Israel lost and was forced to retreat from the battle with an Arab force.

- To resist the US / Israeli imperialism Iran has build an Axis of Resistance: supporting Islamic militias in Iraq, Syria, Yemen, Lebanon and Palestine

- The US and Israeli empire are forced to fights Iranian / Islamic resistance in conventional and non-conventional ways.

Hybrid Warfare

- The hybrid war which the United States and Israel carry against Iran has many faces:

1. Classical warfare. Example of this are the Iran - Iraq war 1980 - 1988, the Israel – Hezbollah war of 2006 or the Syrian civil war.
2. Non-classical warfare: terrorism. An example of a non-classic terrorist war is the use of terrorist groups to attack institutions or allies of Iran in the Middle East. The Mojaheden e-Halk and a number of Takfiri organizations are such an example. They have assassinated many Iranian officials and institutions.
3. Economic warfare: an example of this are the economic sanctions against Iran aimed to force it to change its stance towards the Palestinian issue and political Islam.
4. The propaganda / fake news / ideological warfare, is another example of the hybrid warfare. The United States and Israel have implemented such warfare in order to demonize Iran and justify their policies against them. Saudi Arabia has been leading the theological warfare during the past four decades. By deploying its Wahabi / Takfiri ideology in the name of Sunni Islam, Saudis have declared the Iranians non-Muslim and enemies of Islam.

Non-classical hybrid warfare: The information terrorism of Mojaheden e-Khalq

- The Mojaheden e-Khalq (MEK) which is depicted as the largest Iranian group in exile who wants to topple the Islamic Republic is one of the most violent terrorist organizations which threatens the stability of Iran and has committed countless acts of terror.
- The MEK was hosted by France and Iraq under the regime of Saddam Hussein.
- It was listed as terrorist organization by the United States, United Kingdom, European Union, Japan and Canada until 2008 and 2013
- It was relocated to Albania between 2013 - 2016.
- MEK is a cult. Headed by a woman, Maryam Rajavi, who pretends to have supra-natural powers. Even though she is not allowed to enter the United Kingdom and the United States, she is depicted by the US / Israeli administration as the leader of the opposition to the "Iranian regime."

The Mojaheden e-Khalq: the good terrorists which the West needs

- After their relocation to Albania, MEK is supported by the US government and by Israeli Mossad.
- In 2002 Israel used MEK to reveal the Iranian nuclear program to the world.
- Since 2012 Israel has used MEK to kill Iranian scientists and officials.
- In 2018 MEK built a paramilitary camp in Manza, Albania.
- The Albanian penal code punishes incitement to war and regime change against foreign countries. It has jailed dozen of Albanian Sunni Muslims for participating in war in Syria.
- However, MEK is allowed to run a paramilitary camp from where it carries cyber, espionage and terrorist activities against Iran.

The Mojaheden e-Khalq: a cyber army to destabilize Iran

- After their relocation to Albania, MEK has constructed a cyber-army.
- They use twitter, hacking, emails. Youtube, video propaganda and most importantly FAKE NEWS to attack Iran.
- In 2018 MEK created a wave of fake news, claiming that Iran was about to carry a terrorist attack in Albania and in Europe.

OPINION

Secretary Pompeo @SecPompeo

We ask our allies & partners to join our economic pressure campaign against #Iran's regime. We must cut off all funding the regime uses to fund terrorism & proxy wars. There's no telling when Iran may try to foment terrorism, violence & instability in one of our countries next.

Europe should:
1) Stop the appeasement nonsense vis-a-vis #Iran
2) Designate the #IRGC as a foreign terrorist organization by all entities possible
3) Blacklist the Iran-offspring Lebanese #Hezbollah as a terrorist org Or Tehran will stage more attacks like the recent Paris plot.

The shadowy cult Trump advisors tout as an alternative to the Iranian government

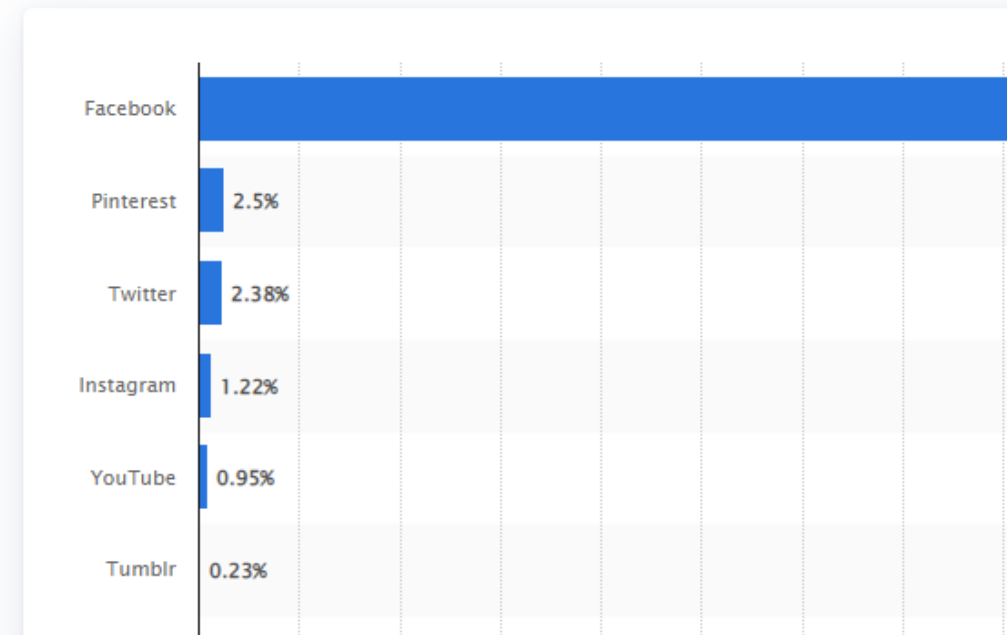

Disinformation as a powerful weapon for regime change

The recent [#mahsamini](#) protests in Iran were coordinated from Israel, Saudi Arabia and Albania.

- 4 million tweets for regime change in Iran came from Israel.
- 2 million tweets came from Saudi Arabia.
- 2 million tweets came from Albania (Albania's population 2.5 million)
- The protests were coordinated by CIA and Mossad.

Trump administrations' officials, have openly embraced the group and have given speeches inside the organization camp. In 2014, the United States asked Albania to host the MEK. Subsequently, Albania accepted some 3,000 members of the exiled group. Since then, Albania and Iran have had tense relations. Finally, on September 7, 2022, Albania cut diplomatic ties with Iran blaming Tehran for cyberattacks and asked Iranian diplomats to leave Albania within 24 hours.[1] It is not known whether the Iranian government obtained any information about future operations of the group by hacking the websites in Albania. In the meantime, the media inside Iran revealed that there were about 8 million tweets with Mahsa Amini's hashtag on Twitter from abroad, which included 4 million from Israel, 2 million from Saudi Arabia, and nearly 2 million from Albania.
